Continuation of Attachment(s) 9. Other: App. Initiated Interview Req. Form.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Evan R. Witt on January 28, 2009.

The application has been amended as follows:

In the claims:

In Claim 29, second to last line after "that the", insert -- cleaning agent in solid form in the --.

In claim 34, first line, delete "multiuse laundry cleaning device" and substitute therefor -- method --.

In claim 35, first line, delete "multiuse laundry cleaning device" and substitute therefor -- method --.

Examiner's Statement of Reasons for Allowance

The above amendment clarifies the location of the solid form cleaning agent in the device in the laundry tub as it releases a substantially consistent quantity of cleaning agent over a plurality of wash and rinse cycles. None of the prior art references, alone or in combination, teach or suggest the invention as presently claimed. This application has been allowed before 11/535, 896, which obviates the need for a Terminal Disclaimer to overcome the Provisional Obviousness-type Double Patenting Rejection.

Art Unit: 1796

The 35 USC 101 Double Patenting rejection is withdrawn because the present claims are not identical in scope to those in 11/535,896.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
